# Why Agile and Scrum?

The Law of Accelerating Returns

Copyright, Artisan Agility, All Rights Reserved

Of 25 significant inventions over 12,000 years, 15 have occurred within the last 240 years!

# The Impact?

- Waterfall failed because of complexity
  - It was about 30 years old when the effects began to be felt...
- Agile is 23 years old
- Scrum is 32 years old

**We must continue to evolve Agile practices in order to adapt fast enough to compete with the Law of Accelerating Returns!**

# Sentient Sprinting

“By augmenting the workflow of the sprint with AI, we re-instill the wonder and innovation inherent in creating valuable outcomes for the world.”
